# General catalogue

[Vimercatihats1953.com](http://Vimercatihats1953.com)

We wish to thank you for reading our catalogue, with which we want to introduce our company and its products.

Since 1953, Vimercati Hats has been committed to the production of prestigious quality fur felt hats, cherishing and preserving the tradition that has made Monza the city for hats since the 19th century.

To this day, we still use traditional techniques and methods to produce handmade hats, well-finished, in every detail, and suitable to the needs of our clients, who are always careful and looking for excellence.

Our entire production is exclusively Italian, and uses raw material of the highest quality. Our creations come to life in our historic laboratory in Monza.

We provide our customers with maximum flexibility, with services that range from making completely customized products, to third-party manufacturing. If you wish to sell high-quality hats with your brand, our company will be pleased to help you, offering entirely personalized solutions in accordance to your needs.

With pride we present our exclusive fashion line VIMERCATIHATS 1953, which allow shops to increase their offer with products representing the history of Italian tradition and excellence, thus providing the customers with an experience that goes beyond the product.
